Dear Patient,

Thank you for choosing Cornea Associates of Texas. With over 40 years of service in the DFW area, our practice specializes in providing corneal treatment options, vision correction services and a commitment to quality patient care. As part of our commitment, we want to provide you with a few suggestions to enhance the productivity of your first visit to our practice.

- Please complete the paperwork enclosed in this packet.
- Bring a current list of all medications you are taking, including systemic. Please identify the condition for which you are taking each medication.
- Bring all insurance cards. We must have an actual copy of all insurance card(s), in order to bill your visit to insurance; including Medicare, Medicaid, Medicare Replacement Plans and/or commercial insurance cards such as PPO or HMO plans.
- Bring any necessary insurance referrals. If you are on an HMO plan or another plan which requires a referral, please request that referral from your primary care provider. To ensure that your appointment is not delayed, contact our insurance department directly at 214.692.0146 and confirm that we have received your referral.
- Please bring prior medical records related to your current eye care needs.
- Potential Surgical Candidates: Some of the tests we perform require you to remove your contact lenses for two weeks in order to obtain the most accurate results. If you can function in your glasses, it is preferable that you remove contacts for two weeks prior to your appointment. It is also likely that you will be dilated at your office visit. Please arrange for transportation if you are not comfortable driving after dilation. **If your surgery is scheduled more than 90 days after your exam, you will need to return for a repeat exam and testing**
- Translators: We are proud of the fact that we have team members fluent in both English and Spanish at all locations. However, we still recommend that you invite someone to attend your appointment to ensure you receive and understand all the information you are given. We are unable to guarantee the presence of a bilingual team member at each visit.

The Health Insurance Portability Accountability Act (HIPAA) requires our practice to notify all patients of our protected health information practices. This enclosed notice describes how your medical information may be disclosed and how you can gain access to your medical information. You will be asked to sign an acknowledgement (also enclosed) stating that you have had an opportunity to review our HIPAA policy.

To assist in your appointment planning, please be aware that our New Patient evaluation can last 1 % to 2 % hours. This is particularly common for a potential surgical candidate. We allow time for a thorough evaluation by our physician, time for necessary testing and we allow time for a meeting with one of our surgical counselors.

We look forward to your initial evaluation and by taking the steps listed above, we will be able to address your needs more effectively.
