THE AMERICAN ASSOCIATION OF ORTHODONTISTS (AAO) recommends that all children have an initial orthodontic evaluation by **age 7!!**

For more information, please visit www.braces.org

Be sure that your child is seen by a *Qualified Orthodontic Specialist* who is a member of the AAO (only orthodontists can be AAO members). All orthodontists in the Beaver/ Lawrence County areas offer a **complimentary initial examination** as a courtesy to patients and their family dentists.
